PROFILE

I am a passionate and dedicated web developer with a strong foundation in creating responsive, user-friendly, and visually appealing websites. With four years of experience in the field, I have honed my skills in front-end and back-end development to deliver high-quality web solutions that meet client needs and industry standards.

My journey into web development began when I discovered my fascination with crafting digital experiences that bridge the gap between technology and user needs. Throughout my career, I have had the privilege of working on a diverse range of projects.

WORK EXPERIENCE

Web Developer

PaxMobile

2024

PaxMobile is a fully functional online store built to offer a seamless shopping experience for mobile devices and accessories. With a focus on quality, innovation, and customer satisfaction, the platform ensures secure transactions, easy navigation, and efficient order management.

Key Features

- Secure Payment Integration (Paystack & Flutterwave)
- User-Friendly Interface & Responsive Design
- Advanced Search & Filtering System
- Customer Accounts & Order Tracking
- SEO Optimization for Better Visibility

Challenges

- Optimizing Load Speed – Implemented caching and image compression
- Secure Transactions – Integrated encrypted payment gateways
- Scalability – Used an optimized database structure for performance

Tech Stack: HTML, CSS, JavaScript, PHP (Laravel), MySQL

This project highlights my expertise in full-stack web development and e-commerce solutions.

Web Developer

Group Of Independent Service Provider - GISP

2025

TGISP is a complete home service booking platform that connects skilled professionals with individuals and businesses needing reliable services. Designed for efficiency and convenience, it empowers service providers while ensuring seamless user experience. As the lead web developer, I built a scalable, secure platform with intuitive UI/UX, payment integration, and real-time tracking.

Outcome:

- Easy service booking & provider profiles
- Secure payment integration
- Real-time tracking & automated notifications
- Ratings & reviews for quality assurance
- Admin dashboard for user & booking management

Challenge:

- Scaling the platform for growing users
- Ensuring secure transactions
- Optimizing service-provider matching
- Improving real-time updates & notifications

GISP revolutionizes home service accessibility, bridging the gap between professionals and clients with ease.

WORK EXPERIENCE

Web Developer

Smart Cover Africa Ltd

2024-Present

Developed a technology-driven platform for Smart Cover Africa Ltd, a social enterprise connecting students, professionals, and underserved families to affordable HMOs and nearby hospitals. The platform streamlines healthcare enrollment, risk management, and access to medical services through innovative digital solutions.

Key Features:

- User Dashboard – Easy registration & HMO enrollment
- Secure Payments – Multiple payment integrations
- Health Risk Tools – User-friendly assessment features
- Admin & Partner Dashboard – Efficient management portals
- Mobile Optimization – Accessible on all devices

Challenges and Solutions:

- Security Concerns – Implemented encryption & secure authentication.
- User Engagement – Designed an intuitive UI/UX with an interactive onboarding system.

This project helped Smart Cover Africa Ltd advance its mission of making healthcare more accessible through technology.

Web Developer

Yum Hotels and Suites

2024

Developed a modern, user-friendly website for Yum Hotels and Suites, a luxury hotel . The website enhances the hotel's online presence, streamlines bookings, and delivers a seamless digital experience that reflects the brand's elegance and hospitality.

Project Goals:

- Responsive & Elegant UI – Optimized for all devices.
- Online Booking System – Secure and seamless reservations.
- Photo Gallery – Showcasing hotel facilities.
- SEO Optimization – Improved search visibility.
- Contact Forms & Google Maps – Simplified guest interaction.
- Performance Optimization – Fast-loading experience.

Challenges and Solution:

- Booking System Integration – Implemented a secure, user-friendly reservation system.
- Optimizing Speed & Performance – Used caching and image optimization for fast loading.

This project strengthened my expertise in web development, and performance optimization while helping Yum Hotels and Suites establish a strong digital presence.

Web Development

Artco Show Room

2024

I designed and developed the Artco Furniture Showroom website, a digital space reflecting the brand's commitment to luxury, craftsmanship, and timeless design. The platform features a responsive and visually appealing interface, allowing customers to explore premium furniture collections seamlessly. This project showcases my ability to create a seamless blend of aesthetics and functionality, delivering a high-end user experience.

DAUSHEP DAVID L.

WEB DEVELOPER

TO WHOM IT MAY CONCERN,

As an accomplished web developer with four years of hands-on experience in creating exceptional web solutions. My passion for crafting elegant and functional websites has driven me to continuously refine my skills and stay up-to-date with the latest industry trends. I'm excited to bring my expertise to your organization and contribute to its success.

My journey as a web developer began four years ago when I embarked on this thrilling and ever-evolving career path. Throughout my career, I have had the privilege of working with diverse clients and organizations, each providing me with unique challenges and opportunities for growth. This journey has not only honed my technical abilities but has also shaped my approach to problem-solving and project management.

One of my greatest strengths as a web developer is my ability to approach complex problems with creativity and innovation. I take pride in finding efficient and elegant solutions to technical challenges, whether it's optimizing website performance, enhancing security, or implementing new features to meet user needs.

I thrive in collaborative environments and have a proven track record of working effectively within cross-functional teams. My excellent communication skills enable me to bridge the gap between technical and non-technical team members, ensuring a smooth and productive workflow.

As a web developer with four years of experience, I am passionate about using my technical skills, problem-solving abilities, and dedication to deliver outstanding web solutions. I am excited about the opportunity to bring my expertise to your organization, contribute to its growth, and collaborate with your team to create exceptional digital experiences for users.

I'm also good in Microsoft word, PowerPoint, ChatGPT and Search Engine Optimization.

Thank you for considering my application. I look forward to the possibility of working together and contributing to the success of your organization.

SINCERELY,
